both services, prepares the bulletins, and does Bob's secretarial work. The Japanese church was started some 34 years ago and now has about 20 members with 30-35 attending each Sunday. Their meeting place is a remodeled house which accommodated 45 people for their annual Thanksgiving dinner. They seek to minister also to Japanese students at Fresno State University.

Norma Sweeney '53 continues to serve with Child Evangelism Fellowship in Brazil. The second semester Bible classes began in August and she has been busy teaching the Life of Christ and distributing Living New Testaments to the primary grades in many of the schools. During August Norma also took part in the Third National CEP Congress for Teachers, working especially in translating from English to Portuguese for some of the seminars.

John '54 and Joyce (Johnson) '54 Rathbun have completed twenty years of missionary affiliation with TEAM for service in Korea and are now on furlough at the headquarters in Wheaton, Illinois. They have been visiting supporting churches and individuals across the country. They attended the Bryan missions conference in January.

Jim x'56 and Barbara Pitts report from Morocco that the Lord is blessing and providing in many ways. Barbara's mother went home to be with the Lord in early August, but God has given strength and comfort to them. Jim, who was sick for two months during the summer, has recovered and is now able to be back at work. The Lord also provided three new teachers for the school year.

David '57 and Kay (Temple) '56 Henry scheduled their furlough from Alaska to be in Michigan through December to include Kay's parents' 50th wedding anniversary on Christmas eve. In January they planned to travel to Florida and take other appointments along the way. Last summer the Alaskan Wycliffe Center was sold and the operation moved to Denver, but the Henrys continue to work with the Koyukon Indians. They have built their own house from logs that Dave cut and hauled out of the woods. They put the roof on the house the first day of snow last fall. Kay's parents plus the Henry children and their spouses all helped in the project.

Barb and Steve Snyder

**ALUMNI MISSIONARIES** Did you know that Bryan has over 196 alumni missionaries? You may know some of them, but if you visit the campus after the next couple of months you could meet all of them! A picture of each missionary and their latest prayer letter will be displayed in the north corridor of the administration building. The display will include the mission represented and the fields where Bryan alumni serve.

**FLORIDA "THIRD HALF" RALLIES** Alumni and friends of Bryan in the Orlando area brought 44 high school students to the December 3rd basketball game with Rollins College in Winter Park. Two nights later, in St. Petersburg, a group of 21 alumni and friends attended the game with Eckerd College. After each of the games everyone enjoyed an ice cream sundae with the team, Coach Dixon, and Dr. and Mrs. Bob Spodee.

While in the Orlando area we offered ministry in testimony and song at Faith Baptist and Florida Shores Baptist Churches. Also Coach Dixon and the basketball team appeared at chapel at Altamonte Springs Christian School. Another opportunity was radio time for Bryan. Mr. Lee Brandell, manager of WTLN Christian radio in Orlando, interviewed your alumni director on the station's regular Saturday evening broadcast called "Perspectives."

**DALLAS.** Gary '77 and Verna (Henegar) '78 Franklin informed us that there was a gathering of some 30 to 40 Bryan alumni at the home of Laurie Anderson '80 in December. In fact, Gary tells me that it has been something of a December tradition. If you live in the Dallas area and are interested in Bryan fellowship, get in touch with the Franklins at 6740 Georgia Avenue, North Richland Hills, TX 76118, or phone 636-3250.

**PENNSYLVANIA.** Barb and I are scheduled to be in Pennsylvania the second week of April. On Friday, April 8, an alumni rally will be held at the Community Baptist Church in Montoursville, where Rev. Chuck Westgate '62 is pastor. An alumni rally is also being planned for the Philadelphia-Wilmington area. Further details have been sent to alumni in those areas.

**BRAVO!** To the 56 Bryan alums in Michigan we say BRAVO! These faithful Bryan supporters were sent the names of 406 student prospects located all across the state of Michigan. They are contacting these prospects personally about their college plans. An equal number of Florida alumni are being sent the names of 330 prospective students in that state. We are calling this program of alumni involvement, BRAVO, for **Bryan Alumni Volunteers**. Their "above and beyond" work is helping to sustain Bryan's enrollment during these times of economic stress and declining numbers of college age students.

Thank you, Michigan and Florida alumni, for your volunteer work for Bryan College!

**ALUMNI WEEKEND:** This summer Bryan will be hosting its first annual Alumni weekend. This is to be an all-alumni event for Bryan alumni and their families. Members of the reunion classes of '43, '53, '63 and '73 have received personal invitations. A general announcement with cost (and you'll find the prices to be very reasonable) is printed on page 2. Any homecoming event is a refreshing time of fellowship and Christian sharing at Bryan, but Alumni Weekend promises to be unique because it is an all-alumni family event. Plan now to attend!

Joseph Chu '77 received the Ph.D. in engineering from the University of Tennessee at Knoxville, after five years of graduate studies. He recently joined Detroit Diesel Allison, a division of General Motors Corp. in Indianapolis, Indiana, as a senior project engineer in the Compressor Research and Design Section of the Research Department. The Indianapolis operation is mainly to design and to build aircraft engines and engines for tanks. The main project in which Joe is now involved is to design and develop a new engine with higher performance and greater fuel efficiency for military aircraft.
